New MANDATORY NLRB Posting Requirement!

We want to let you know that on August 25, the National Labor Relations Board approved a new mandatory posting for private employers regarding the National Labor Relations Act.

You can pre-order new poster sets on our [web site](http://www.indianachamber.com), or contact Sarah Lawrence at slawrence@indianachamber.com or call (800) 824-6885. Or better yet, join hundreds of Hoosier businesses by signing up for our **poster subscription service. With this service, we'll just send you new poster sets when MANDATORY changes are made. This gives you peace of mind of not having to track updates to keep your company in compliance. The service itself costs nothing extra; you just pay for the posters as you normally would. (Poster sets are \$45 each and Indiana Chamber members receive 25% off.)**

The new poster has not yet been released by the NLRB, but expect your new poster set (s) about two weeks after it is. (The new NLRB notice must be posted by November 14.)

NOTE: As this is an additional notice, our sets will likely once again include three sheets instead of two. This will not impact the cost on your end, however.
