Whether you’re visiting for the day, looking for a new place to call home, or you’re already a resident of our thriving community, Batesville is a quaint little town with a big heart and plenty of opportunities. Our rich history dates to 1852, and the Chamber was established in 1920 to advocate for and support the prosperity of Batesville and area businesses.

We continue to partner with local government and other organizations to pursue improvements in the overall quality of life for the City, County and Region, particularly in the areas of transportation, education, healthcare, tourism, economic development, community development and workforce development. Our success in achieving our mission and purpose is due to a collaborative effort from the Chamber Board of Directors, Chamber Ambassadors, City of Batesville, Chamber members, and area professionals.

Our online business directory is another service the Batesville Area Chamber of Commerce provides to the local community. We continue to work with our committee to encourage you to think local, shop local! By supporting the businesses in our directory, you are reinvesting in your community.

To our current Chamber members, thank you for your continued support. For those of you considering relocating your business or opening a new business in Batesville, you will find that becoming a Chamber member is of great value to you. Batesville is thriving, join us as we continue to grow.

Batesville’s early beginnings are tied to a young man’s dream of owning and working a piece of farmland in Southeastern Indiana.

Teunis Amacks and his newlywed wife purchased 120 acres of government land in Ripley County’s Laughery Township in 1837 and built his home out of the area’s hardwood logs and dug a well.

In 1852, Amack sold his homestead to the John Callahan Trust Company to build a railroad right-of-way and establish a town. It was then that the city was laid out into 45 lots, creating the original downtown. The railroad ran through the center of the town, making use of Amack’s well to power the locomotives. Joshua Bates, a member of the Callahan Trust Company, was the first to build his home on lot number one. It is from Joshua Bates, that Batesville is said to have received its name.

The history of the Batesville Area Chamber of Commerce:

1920: Batesville Businessmen’s Association was organized.
1949: Later organized as the Batesville Chamber of Commerce.
1988: It became the Batesville Area Chamber of Commerce.
2019: Moved to our new downtown location at 301 Shopping Village.
